

LED Lighting Incentives

What's eligible?

TVA EnergyRight for Business & Industry is offering an incentive of **\$0.13/kWh toward energy efficient interior and outdoor lighting upgrades**. Below are examples of common lighting applications, but eligibility is not limited to the list below.

Outdoor Examples

- Illuminated signage
- Street & security lighting
- Sports lighting & outdoor stadiums
- Parking lot lighting

Indoor Examples

- Covered parking garages
- Lighting retrofit at a factory
- Re-lamping an office
- Lighting replacement at a school

Requirements for Eligibility

- **\$0.13/kWh** reduced for interior and outdoor lighting upgrades.
- Can be a retrofit, re-lamping or replacement.
- De-lamping only eligible with retrofits.
- LED-to-LED retrofits are eligible.
- Type A, B and C LED tubes are eligible.
- Multi-selectable wattage fixtures are rated at the highest wattage available.
- T12 baseline will be adjusted to a T8 baseline via Preferred Partner Energy Calculator (PPEC) tool.
- No qualified product list requirement. (DLC, ENERGY STAR, LDL)
- PPEC tool and online application are required to be submitted at the same time for each project.
- The incentive is calculated by the PPEC using industry averages and is not based on the realized kWh savings of the project.

Rules & Guidelines

- Pre-approval required. Projects must be submitted, reviewed and approved before removing or installing equipment.
- Projects may require pre and post inspections.
- Must submit complete lists of spec sheets and audits. Maps and pictures are optional.
- Incentives are capped at 70% of material cost.
- Projects must meet the minimum Standard incentive requirement of \$150.00.
- Once project is complete (installed and fully operational), equipment invoices must be submitted within 30 days.
- Applications must be submitted by a member of the Preferred Partners Network (PPN) OR encourage your contractor to become a PPN member: <https://energyright.com/business-industry/become-a-member/>.
- Additional program rules apply. For more information, please visit: <https://energyright.com/business-industry/incentives/applying-for-incentives/>.
